

**AMAP-MC**

# AMAP-MC

## AMAP - EXTREME RANGE ENGAGEMENT

The AMAP rifle system answers the needs of the modern tactical unit that requires pinpoint accuracy at and beyond ranges of 2400m, user configurable modularity, and is multi calibre capable.

Exceptional accuracy has been proven well beyond that required by the Australia - New- Zealand (ANZ) Counter-Terrorism Committee Marksman Standard.

The AMAP-MC provides advanced ergonomics, lightweight construction and perfect balance. This is achieved through advanced materials, manufacturing and design technologies and ensures precise operator interface.

## ACTION

- GCPD Arms proprietary modular precision action
- 6 lug bolt with 60 degree throw
- Removable bolt head
- Twin ejector pins

## CALIBRES / BARREL TWIST RATES

- .408 Cheytac (standard)- 1:12
- .375 Cheytac (standard)- 1:10 - 1:9.5 - 1:9

## AVAILABLE BARREL LENGTHS

- 30" (standard), 28", 32" and 34"
- \* Barrels supplied are match grade cut-rifled

## WEIGHT

- 8850g (carbon wrapped 30" barrel)
- 9950g (stainless steel 30" barrel)
- \* Complete with magazine, bolt, and muzzle brake

## DIMENSIONS

- Full length: 1400mm x 220mm x 105mm
- Stock folded: 1125mm x 220mm x 105mm
- \*When fitted with 30" barrel

## MATERIALS / FINISHES

- Chassis: 6061-T651 Al, hard anodised to MIL-A-8625
- Receiver: 4340 HT steel, black plasma nitrided
- Fittings: 6al-4v Titanium, Ti/Al PVD Nitride coated
- Hinge wear points: 60 (Rockwell C) Tool steel

## INCLUDED ACCESSORIES

- Sling kit with quick release mountings 6x
- Picatinny rail section - Fore-end (upper) 45 M.O.A.
- Picatinny rail section - Fore-end (lower for bipod)
- Pelican IM3300 Storm Case with die cut foam insert

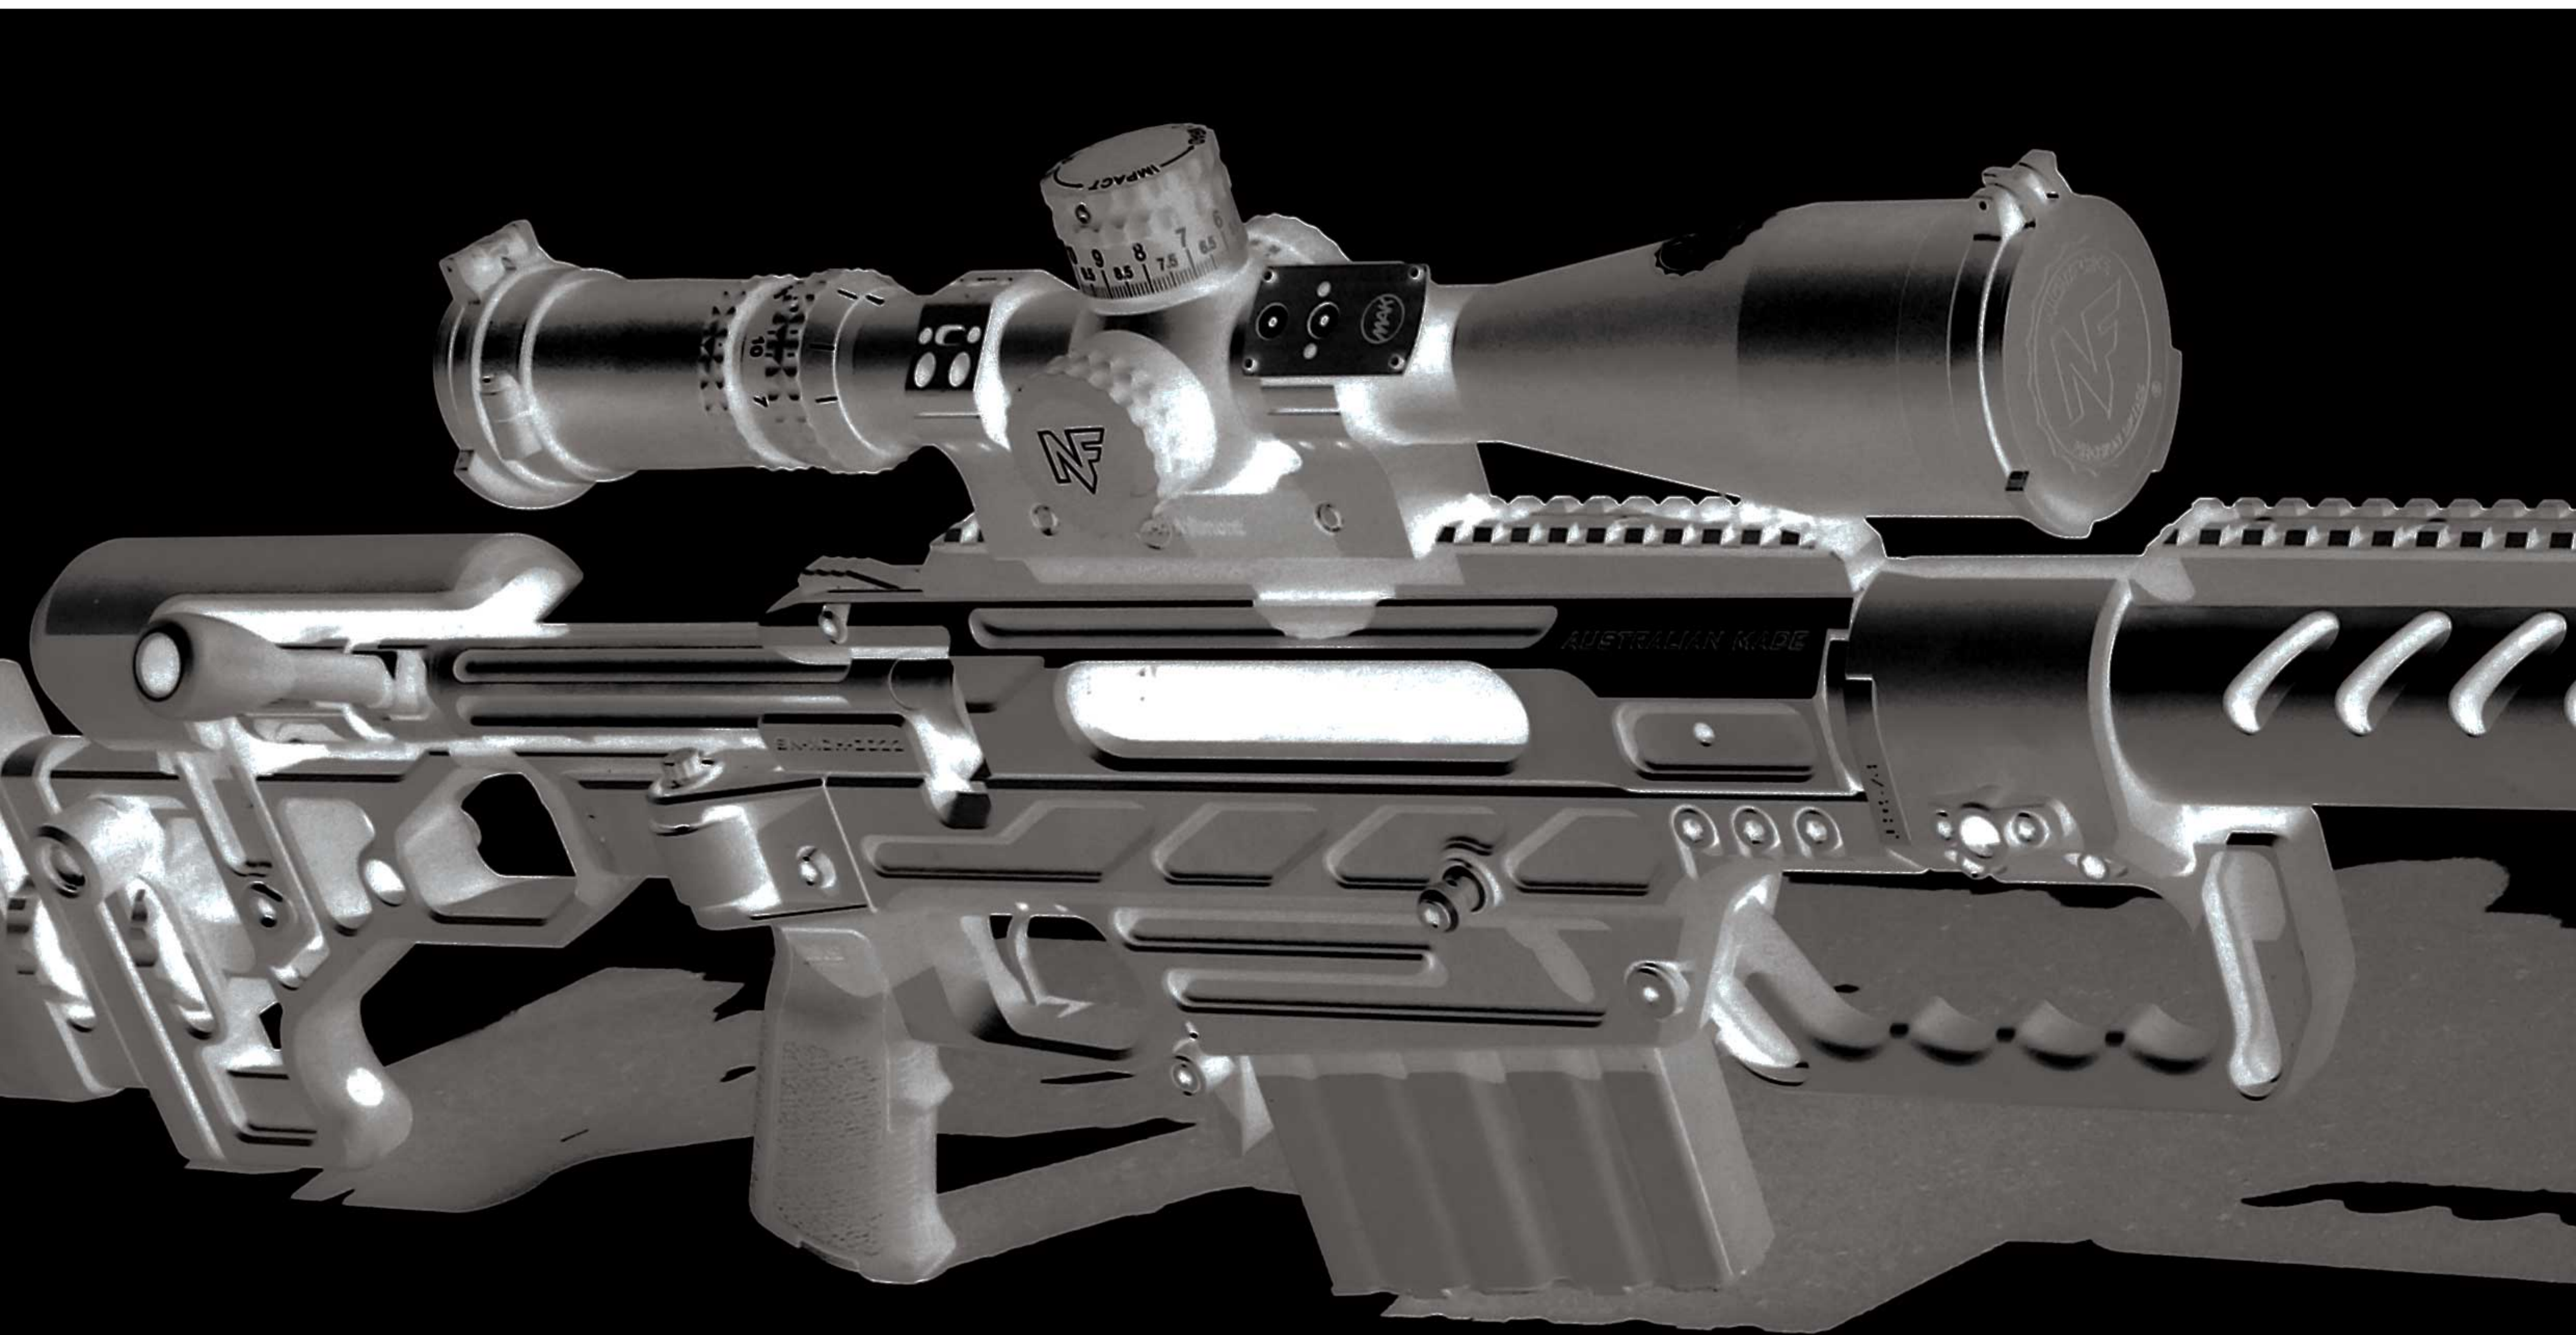

## OPTIONS

- GCPD tool steel high efficiency muzzle brake (as shown)
- Oceania Defence ratchet-lock suppressor - Titanium
- Oceania Defence ratchet-lock suppressor - Inconel
- Wedgetail Industries suppressor (direct mount)
- Optical sighting systems and mounts
- Over barrel bipod (as shown)

**GC Precision Developments (GCPD) utilises in-house advanced design, modelling and manufacturing techniques to deliver world class products and client focused solutions for Defence, Law Enforcement, and the sporting shooting industry. GCPD is a proud Australian design and manufacturing company, and the AMAP-MC rifle system achieves a local ANZ manufacturing content of over 90%.**
